A California card has reached that a prayer is not a privileged communication, and that the Rev. J. C. Campbell, who prayed that a certain female officer-hold might be cleansed of sin and made worthy of her office, would have to answer to the charge of slander.

Mr. Thomas Sutton of Aberdeen received a telegram last night from the authorities at New Orleans, asking how much reward was offered for Arthur Power, who killed Mr. Ezekiel Martin at Aberdeen some three years ago. Power is now in custody at New Orleans.

Richmond Bell, colored, is among the inmates of the County Infirmary. He was born in 1807, and is consequently 88 years old. "Squire John L. Grant, who is himself 75 years old, says Bell was a grown man and a sturdy head-breaker when he was a boy. He was a great sinner in his day, and thinks he could play some lively tunes yet if he had a fiddle. His voice is strong and he is cheery and sprightly as most men of his age."

THE LATEST FAD.

Miss Harriet Johnson Entertained With a "Dutch Lunch."

Miss Belle Barkley and Miss Vanalyke were honored at being the guests of Miss Harriet Johnson Tuesday night, the occasion being one of pleasure throughout. Aside from music and conversation a peculiar feast was discussed—the word peculiar in this connection meaning odd—that of a "Dutch Lunch." Well-known, bottled beer and such other edibles as is consistent with the very "well" style of entertaining. The fair young hostess is never more charming than when presiding at her own board and moving among friends invited as her guests. The home was prettily lighted and a cheerfulness reigned throughout. Those present were: Miss Vanalyke, Miss Barkley, Miss Katherine Albert, Miss Lucille Percy, Miss Harriet Johnson, Mr. Percy Mannen, Mr. Harry Barkley.

IT'S A LIE!

There's No Smallpox on a Shanty-boat at the River Here.

Some lying fellow was busy last night circulating the report that smallpox had broken out on a shanty-boat near the C. and O. Depot.

There's not a word of truth in the statement.

And it is to be hoped, if unfortunately the disease should come, that it will carry off our already too large crop of villanous liars.

At this point the Court adjourned until the noon recess; and the Judge and Clerk and all the Justices, together with ex-Justices, a few friends and, by way of making the party somewhat cosmopolitan in character, a LEADER scribe, mounted a special "streaker" and sped away to the County Infirmary, where Superintendent John Ryan had prepared a most excellent dinner. Mr. Ryan was unanimously voted a generous host, and after the sumptuous feast the visitors strolled through the grounds and inspected the cottages—all of which were found in good order. It was freely admitted that the Institution was a great credit to the county, and that nowhere are the unfortunate better cared for.

At 2 o'clock the Court reconvened, and the following additional claims were allowed:

A. A. Wadsworth \$14.00

"Squire Melvin of Lewisburg, who is here attending the Fiscal Court, received yesterday a note from Dr. Dobyns saying that the Bogus family—recently removed from the smallpox house on the Peters farm to the farm of Captain James Davis near Lewisburg—are in good health, with no likelihood of having smallpox.

Mr. W. H. Forman sent to the city yesterday a beautiful specimen of the American eagle. It was killed near Murphysville by William Haney some three months ago, and was mounted by James Kirk the taxidermist of Sandis. It is one of the largest ever seen in this locality, and by far the finest specimen hereabouts. It can be seen at the Public Library.

Passing Eastward yesterday on the palatial "special" of the Electric line, The LEADER's pencil pusher was amazed at the "boom" in progress in the Fifth and Sixth Wards. A load of tobacco was being taken in at the warehouse of C. C. Dobyns; work on the foundation of Gimlet Sharp's new residence was in progress; a new door was being laid in a porch, and a brick pavement being put down on East Second street, and Billy Berry was fencing his newly-purchased home on Wood street.

EASTER NUMBER!

AN OPPORTUNITY FOR LEGITIMATE ADVERTISING.

THE LEADER will, on Saturday, April 13th, issue a special "Easter Number."

It will consist of 8 pages, with a page devoted to Easter, embracing a story by Colonel Will V. Vischer, formerly of the Kentucky press and well known throughout Mason and adjoining counties.

This edition will be a trade catcher, and advertisers may depend upon getting what they pay for.

We will see if some of our merchants are as willing to patronize a legitimate home enterprise as they are to jump at every "fake" that comes along.

PARENTS, DON'T WORRY!

Paine's Celery Compound Strengthens Nervous Children.

Nervous exhaustion in children is worrying a great many fathers and mothers these days. While the hurry and bustle of modern life is bringing a constantly increasing strain upon grown men and women, there certainly comes to light the startling fact of a growing tendency toward nervousness among their children.

As these boys and girls, when older, will enter a life of nervous strain fully as exacting as that of today, it is no wonder that parents view with dismay these early signs of nervous weakness, and anxiously seek some means of making the young people strong and well again. The remedy is at hand in every city and town in America.

It is the remedy first prescribed by that greatest of all modern educators, Professor Edward E. Phelps, M.D., Ph.D., of Dartmouth College. It is Paine's Celery Compound, which Principal Camp of New Haven and President Cook of the National Teachers' Association have so recently recommended.

Countless parents today give their children Paine's Celery Compound and see them grow robust and vigorous by day before their eyes till they are again restored to the perfect health that belongs to youth.

Physicians everywhere advise the use of this greatest of blood purifiers and nerve foods. One of the danger signals of nervous exhaustion among young people is the lack of desire for food and the capriciousness of appetite. When their overtaxed nervous systems have been driven to the point of exhaustion, their faces grow pale and pinched, their spirits decline, their bodies lose perceptibly in weight and strength, they need more and more some active means of supplying the nerves and tissues with better nutrition, and the veins with better blood.

One of the danger signals of nervous exhaustion among young people is the lack of desire for food and the capriciousness of appetite. When their overtaxed nervous systems

THE SILVER PROBLEM.

Commercial Goods.

Farmer Anderson has two thousand

bushels of wheat.

Mr. Jones has a thousand dollars

worth of silver bullion.

Mr. Anderson's wheat is worth in the

market \$1,000.

So is Mr. Jones's silver bullion.

Mr. Jones goes to Philadelphia, takes

his silver to the mint and has it coined

into two thousand nine, fine, pretty silver

bars.

When Farmer Anderson brings

along his thousand dollars worth of

wheat, Mr. Jones says it, paying him \$1-

000 and he has \$1,000 left with which

to buy the wheat of the next farmer that

comes along.

This is free coinage. Some people

are sure that all the farmers in the

country are shouting for it.

We should be afraid many strange

things in this country if the silver peo-

ple should have their way.

THE RECEIPTS OF THE TREASURY

for March were about \$234,000 less than

the expenditures. The deficit for the

present fiscal year now amounted to over

\$36,000,000. Yes, yes; that's a splendid

record!

HAVE YOU ANY IDEA OF THE NUMBER

of persons that the United States would

sustain without overcrowding the popula-

tion, or even going beyond the limit

of density now shown by the State of

Rhode Island? The last census of

the pigmy state just gives it a popula-

tion of 800,000. The area of the state in

square miles is only 1,250. Thus we

find that there is an average of 318 per-

sons on every square mile of her terri-

tory. We can best illustrate the

sustaining capacity of the whole of the

United States and of the other States by

making some comparisons: The State of

Texas has an area of 265,760 square

miles, and were it equally as densely

populated as "Little Rhode," would

comfortably sustain a population of 83,

523,625 inhabitants—a greater number

of persons than the whole country is

expected to have in the year 1900.

Scatter people all over the whole land,

from the Gulf to the British Posses-

sions as thickly as they are now in Rhode

Island, and we would have 945,760,900

inhabitants, instead of an insignificant

62,000,000. In other words, if the

United States could be peopled to its

utmost sustaining capacity, we could

take care of nearly two-thirds of the

present population of the globe.

infamous for a great many years doctors

pronounced it a local disease, and prescribed

local remedies, and by constantly failing to

constitutional treatment. Hall's Catarrh Cure,

A DEADLOCK SUSTAINS.

WASHINGTON, April 4.—Ever since

Monday when the supreme court

failed to render its decision in the in-

come tax cases, speculation has been

going on unabated as to when the de-

cision will be given and what it will be.

There is very little talk of a ver-

dict sustaining the law, but while an

adverse decision is looked for by some,

the general opinion is that the court

will be evenly divided or deadlocked.

This, while not sustaining the law di-

rectly, will do so indirectly.

THE MISSOURI ELECTIONS.

St. Louis, April 4.—Returns received

from elections held in Missouri Tues-

day show that the lightest vote in

many years was cast. In many cities

and towns the republican ticket was

elected by increased majorities over the

vote polled in the last congressional

election. At Mason, Lebanon, St.

Charles, Booneville, Carthage and St.

Joseph the republicans elected the en-

tire ticket. The democrats made a

clean sweep at Moberly, Poplar Bluff,

Paris and Salem. At Jefferson City

Seidalia and other important cities the

successful candidates are evenly di-

vided between republicans and democrats.

No election was held in Kansas City.

Maj. Hamilton Assassinated.

MORGANTOWN, Ky., April 4.—Maj.

Anderson J. Hamilton, one of the best

known and most loyal in Kentucky, but

in the United States, was murdered

late Tuesday night in this place. The

assassin is thought to be Sam Spencer,

a young man living at Hadley, in this

county. The greatest excitement was

created by the murder, and there is

much bitter feeling. The killing did

not come to light until Wednesday

morning, when the community was

shocked by the finding of Maj. Hamil-

ton's body lying in a ditch, showing that

he had been dead for some hours.

CIVIL SERVICE.

Praises in Favor of It Sung by Commissioner Roosevelt.

The Cincinnati Post Office Held Up as an Example.

The Letters Have Been Collected and Dis-tributed Just as Well Under a Regu-lar Postmaster as Under a Demo-cratic One and Vice Versa.

WASHINGTON, April 4.—Now that the federal offices throughout the country have been pretty well filled with the democratic friends of the administration, Civil Service Commissioner Roosevelt thinks it is a good time to protest against the removal of postmasters and other high officials for political reasons. In advocating this extension of civil service principles Mr. Roosevelt says:

"If you wish an illustration of the fact that the service rendered by a postmaster has nothing to do with his politics let me refer you to Postmaster Zumeist, of Cincinnati, who has just been supplied by Postmaster Brown, and who himself, four years ago, supplied Postmaster Riley."

Mr. Zumeist is a republican. All through Mr. Bissell's term of service Mr. Zumeist has been postmaster at Cincinnati. Nobody would know from any visible in the operation of the postal service that Postmaster Zumeist was of one politics or another. He has given during this time precisely as good service as Postmaster Sullivan, of Brooklyn, or Postmaster Healy, of Chicago, both of them democrats.

"The letters have been distributed just as well in Cincinnati under the republican postmaster as in Brooklyn or Chicago under the democratic postmaster, and so four years ago the letters were distributed just as well under the democratic postmaster at Cincinnati, Mr. Riley, during the republican administration of the government as they were by the then republican postmasters of Chicago or Boston."

"The people have been as well satisfied by one administration of the office as by the other. As a matter of fact, ninety-nine out of every hundred of them have not known and have not cared a rap, what the views of the postmasters were as to the annexation of Hawaii or the Nicaragua canal, so long as their letters were delivered speedily and without blunder."

MINISTER TERRELL COMING HOME.

WASHINGTON, April 4.—Minister Terrell, who has been in Constantinople nearly two years, has obtained the customary leave of absence, and is expected home next month on a visit. His intention being to resume his post in August.

ED HUGHES NEW JOB.

WASHINGTON, April 4.—Edward Hughes, of Hamilton, Co., was Wednesday appointed a special agent of the post office department at \$5 a day. He will be stationed in Ohio. He is now here with John L. Vance, of Gallipolis.

AUTHOR OF "AMERICA."

A Fitting Celebration of Dr. S. F. Smith's Eightieth Birthday.

BOSTON, April 4.—The Biblical declaration, which has ceased to be a proverb, that "A prophet is not without honor save in his own country," was nullified Wednesday in so far as the people of Boston are concerned, by the heartiness of the reception which was given Rev. Dr. S. F. Smith, the venerable author of "America." In celebration of his 80th birthday, preparations for which have been in progress for several months, and have included the request that at high noon Wednesday all public schools throughout the country shall unite in singing "America," and that the bells of churches, public buildings and factories ring for five minutes at the same hour. It is not thought, however, that the response to this part of the program, which was very general, Wednesday afternoon Dr. Smith was given a reception by the school children of the city, which was followed by an entertainment of patriotic music and recitations. Over this gathering, Rev. Dr. Smith presided, and Rev. Edward Everett Hale delivered an address. Wednesday night

there was a mass meeting at the same music hall, with Gov. Greenough in the chair. Ex-Gov. John B. Long delivered the address of welcome.

It is a pity that the "chronicle," "Bill" and "Davy" should not have been able to find out that Uncle Dave Aldrich died at the Old Men's Home at Cincinnati.
